

Better bedding

for your equine livestock.

10 Reasons to Use Cardboard Bedding

- Recycled materials – go green!
- Environmentally friendly, biodegradable. Mulches down quickly.
- Less dusty than any other bedding. Better for your lungs and health too.
- Horses normally will not eat this bedding.
- Used and recommended by vets and animal doctors.
- Used over 17 years by horse farms with top results.
- Ph neutral, will not build up acidity or alkalinity in your soils.
- More absorbent than wood shavings.
- Product comes easy to handle bags with zippers.
- Friendly, personalized service with goal of long-term relationships.

Conveniently
packaged

Two Grades Available

- Premium – made from clean, unused recycled cardboard
- Regular – made from used, colored recycled cardboard.
